## SCHOOL OF MINISTRY

The Greenhouse School of Ministry exists to raise up **passionate, equipped disciple-makers** who can lead with confidence, clarity, and courage. In a world full of noise and distractions, many disciples long for **purposeful, practical training** that shapes their faith and leadership skills deeply and authentically.

We know that theological knowledge without practical experience can leave you unprepared and practical experience without strong Biblical grounding can leave you misguided. That's why GSM is designed to bridge this gap: **to equip you with both deep Biblical understanding and hands-on ministry leadership.**

Whether you're balancing life's demands or discerning whether full-time ministry is for you, GSM exists to walk alongside you, helping you **discover your calling, grow spiritually, and multiply disciples** in your community. Because real change happens when knowledge meets action and heart meets purpose.
